

SUMIT SAINI

Full-Stack Developer

Jaipur, Rajasthan, India | +91-9351356315 | sumitanwarb628@gmail.com | linkedin.com/in/sumitsaini | leetcode.com/sumitsaini

EDUCATION

B.Tech in Information Technology | Swami Keshwanand Institute of Technology & Gramothan 2023 – 2027

CGPA: 8.02

Senior Secondary Education | Raja Ramdev Poddar Govt. Sr. Sec. School 2021 – 2022

Percentage: 93.40%

Secondary Education | Bharat Public Sr. Sec. School 2019 – 2020

Percentage: 92.14%

TECHNICAL SKILLS

Languages: C, C++, JavaScript (ES6+)

Frontend Development: HTML5, CSS3, React.js, React Context API, Responsive Web Design, UI/UX Implementation

Backend Development: Node.js, Express.js, REST API Design, JWT Authentication & Authorization

Databases: MongoDB, MySQL

Tools & Platforms: Git, GitHub, VS Code, Postman

Core Fundamentals: Data Structures & Algorithms (DSA), Object-Oriented Programming (OOP), Operating Systems, Computer Networks

INTERNSHIP EXPERIENCE

Frontend Developer Intern | SKIT In-House Internship 2024

- Developed responsive frontend interfaces using HTML5, CSS3, JavaScript, and React.js.
- Built reusable, modular UI components that improved development efficiency and maintained design consistency across the application.
- Improved application responsiveness and cross-browser compatibility for modern web applications.

SOC Analyst Intern | R-CAT (Rajasthan Centre of Advanced Technology) 2025

- Completed hands-on SOC training covering log monitoring, incident response, and security event analysis.
- Utilized Wireshark, Nmap, and Splunk for network traffic monitoring and suspicious activity detection.
- Learned phishing analysis, alert triage, and proactive threat monitoring techniques.

PROJECTS

Prescripto — Doctor Appointment Booking System | React.js, Node.js, Express.js, MongoDB, JWT, REST API 2025

- Developed a full-stack web application enabling patients to browse doctors, book appointments, and access role-based dashboards for patients, doctors, and administrators.
- Implemented JWT-based authentication and authorization to secure access across multiple user roles.
- Designed and built REST APIs with dynamic scheduling logic to prevent double-booking and improve appointment reliability.
- Utilized React Context API for efficient global state management, improving frontend scalability and code maintainability.
- Engineered responsive, cross-device user interfaces to deliver a consistent, smooth user experience.

SOC Training Practical Project | Wireshark, Nmap, Splunk 2025

- Applied network traffic analysis and log monitoring techniques to identify and investigate suspicious activity.
- Practiced incident response workflows, alert triage, and continuous security event monitoring in simulated environments.
- Gained hands-on exposure to phishing analysis and threat detection using industry-standard security tools.

CERTIFICATIONS

- EC-Council CSA (Certified SOC Analyst) Training
- Infosys Springboard Certification — HTML, CSS, JavaScript
- Frontend Web Development Internship Certification
